

Open Cash System for the Day

The Cash system is required to be opened for the trading day

Open Cash System for the day

- Open Cash System for the day:
- The Cash system is required to be opened for the trading day.
- In most instances this is part of the Open Day checklist.
- If run from the Open checklist you will see a pop-up window advising this has occurred.
- If you have only the Close Day checklist the next day's cash date is opened at that point.
- You can run the Open Cash systems day at anytime, it will either open the Cash day or show you this has already been run
